Subject: FW: List of MAISRC Advisory Board members for the LSOHC
Attachments: CAB Members and contact info 021516.pdf

Members:

Attached is a list of the Minnesota Aquatic Invasive Species Research Center's advisory board members, requested on Feb. 11th during Dr. Galatowitsch's presentation to the council.

Sincerely,

Amanda

Hi Amanda,

Attached please find a list of the Center's advisory board ("CAB") members. As Sue mentioned during her presentation, the composition of the advisory board was determined by the Center's founder and is memorialized in a written memorandum of understanding with the DNR. The need to rethink the composition of the CAB was raised during our recent strategic planning process, so the attached will most likely be changing in the near future.

Best,

Becca
