Dear LSOHC members:

Below is an email confirming May 20th, 2015 as the date for a Moose Habitat project field tour being collaboratively presented by TNC, MDHA, and other partners of the MN Moose Habitat Collaborative enhancements in NE MN. Please receive this information as a "save the date" in the case that you wish to attend.

To my information, the field tour will be open to press, partners, LSOHC and other interested parties. With several stops planned, it should be a very enlightening tour in a part of the state that too few take time to enjoy.

As with other non-business meeting opportunities, due to Open Meeting Law considerations, the Council will be limited to no more than 6 attendees of which not more than 2 may be executive members. If you are elect to attend please inform Lori (lori.buggs@lsohc.leg.mn) and she will let the rest of us know if or when LSOHC representation is fully realized.

Since this is a project tour it is my understanding that your mileage and meal expenses are reimbursable.

If the legislative schedule allows, I hope to attend as well.

Don't forget to tuck in your pants and bring your bug spray. Also, keep your eyes open as the morels and fiddleheads may be just starting to peak through in northern MN at that time.

Have a great day,

Mark

SENT ON BEHALF OF JIM MANOLIS

Folks,

We are confirming May 20th for the Moose Project field tour. An agenda and fact sheet will follow. In the meantime, plan for a mid-morning to early afternoon tour, with several stops. From here on out, Jana Pastika will coordinate

communications, so please contact her if you have questions or scheduling concerns (jpastika@tnc.org, 218-727-6119) and copy me. Thanks so much for your interest in this, should be a great day!

Take care,
Jim Manolis
