(00:02:03) Members Report any Conflict of Interest on Today’s Agenda
Chair Hartwell stated that he has an affiliation with an organization that received a Conservation Partners Legacy (CPL) grant in the past. He declared an indirect conflict and would not be voting on the CPL request before the Council.

Members received a memo relating to a contract that Council member Bensch entered into with DNR for an enhancement on a state wildlife management area abutting his personal property. Members discussed the potential conflict. Motion by W. Enger that Councilmember Bensch be allowed to discuss the DNR Gasslands, Ph. V request (PRE01) before the Council, but recuse himself from advocating or voting on the request. Motion adopted.

Council member Enger stated that he has a WRP contract and received a RIM grant from NRCS for a dike failure on his property. Because the money received was for a dike failure, not an easement, he believes there is no appearance of a conflict. W.
